

WORLD OF SANDING.

REBUILD

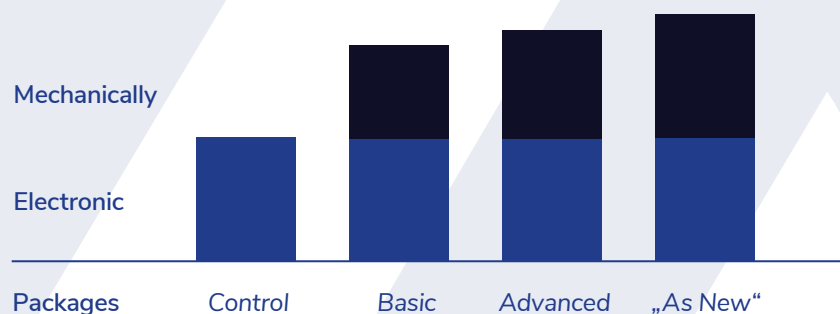

Your old machines fit for the future.

OVERHAUL

The basic package includes a general inspection as well as a thorough cleaning of the machine. Defective and worn components are replaced. In the Advanced package all parts in contact with the tools and the work piece are also reworked or replaced.

An all-round renewal promises the package „As new“. Your machine will be completely disassembled, cleaned, repainted and equipped with up-to-date components. All packages include a new controller and its components.
